

## The Smart Buyers Guide

- Check Oil - Is it milky?
- Check transmission oil level and color
- Check radiator (check the level and appearance, is it milky?) Make sure it is not hot when checking it!
  - Does the vehicle overheat or smoke?
- Check belts and hoses for any cracks or leaks
  - Check the heater when the vehicle is warm
  - Check the air conditioner Does it get cool?
  - Check to see if the vehicle is a manual or automatic shift
- Check power steering fluid level and color
- Check if there are keys for doors and trunk
  - Start the engine, listen for noises
- When motor is running, does it run rough or shake?

**\*X Cars and all cars sold under \$500.00 are sold as is!**

For cars sold over \$500.00 the auction guarantees transmission for shifting and slipping for 30 minutes after the balance has been paid!
